

MPhil in Advanced Computer Science

Project Preference Form (Natural Language Processing Group)

Write the titles of the NLIP project proposals in your preferred order from 1 to 3.

Each project must be proposed by a different supervisor.

Teaching staff from the NLIP group will allocate projects to students.

Please note that it may not be possible to always give you your first choice.

Once you have been allocated a project, you will need to submit a 500-word research project proposal and schedule by the first Thursday of Lent term.
